E-Learning Online Training

As a supplement to our hands on training, E-Learning online training & tracking management system was designed for convenience learning, available 24/7. Topics are relevant to the Emergency Service Industry and are easily accessible 24/7. Most courses offer certificates upon completion and in some cases, Continuing Education for professional designations such as EMTs and Firefighters. Training Officers can easily track and manage student participation, testing results and other assigned training activities.

This flyer is not all inclusive. Coverages and eligibility may vary by state.
