

RISK MANAGEMENT

RISK MANAGEMENT SURVEY & RECOMMENDATION REPORTS

We pride ourselves on building strong partnerships with our clients, and the first step in that process is getting to know them. Our Risk Management Consultation Survey sets your organization up with a qualified Field Representative to review important aspects of your existing safety and risk management practices.

Our Safety Specialists then review the information gathered during your meeting and – based on their industry experience and insurance knowledge – create a personalized recommendation report to help increase safety and minimize loss in your organization.

E-LEARNING

Access to comprehensive training is critical to the safety of emergency service providers. Our online training and tracking management system provides 24/7 access to a wide range of courses, at no additional cost to our clients.

Our management tools allow you to create customized training programs, track user activity and easily maintain detailed records. We also offer a document dropbox for uploading your own policies and training materials. Our team will help set up E-Learning for your organization and provide technical support to both trainers and trainees.

ADDITIONAL RESOURCES

- Safety & Training Specialists
- On-Site Training Options
- Safety Materials & Posters
- Sample Policies & Development Guidelines
- Risk Management Plan Development
- Employment Practice Liability Hotline

Emergency Services
Industry**

SERVING THE INSURANCE NEEDS OF AMERICA'S EMERGENCY SERVICE ORGANIZATIONS

ESIP[®]
EMERGENCY SERVICES INSURANCE PROGRAM
BY  **McNeil & Co.**

In a world of insurance driven by bargain pricing, arm's length service and one-size-fits-all policies, only ESIP, by McNeil & Co., offers the depth of knowledge and industry expertise to serve the real needs of fire and rescue service organizations.

For more than 25 years, we have lived and breathed the emergency services category, developing industry-tailored coverages and a proactive approach that helps anticipate issues before they occur. Our Risk Management Department offers every client a suite of safety and training aids to help promote safety and reduce costs over time – and when claims do occur, our in-house team responds with personalized service and support.

ESIP offers the attention and expertise you can only expect from people who live your business, and we're ready to create an insurance package customized to fit your organization's needs.
